

# Complete Coverage

## That Actually Covers All Your Losses

**Damage hurts.** In fact, 10.8% of all freight shipments each year encounter some loss or damage. It's why Worldwide Express and UPS Capital Insurance Agency, Inc. aim to help keep your freight shipments safe and alleviate the pain from lengthy claims processes by offering you **industry-leading shipment protection through the UPS Capital Shipment Insurance Program.** With a variety of coverage options at affordable rates, you can reduce your risk associated with loss or damage and insure your shipments up to their retail value — above and beyond the standard protection offered by most carriers.

### Dedicated Customer Service

Your Worldwide Express support team is available to guide you through requesting coverage via SpeedShip™ for your freight shipments.

### Ease of Use

Add coverage to your shipments without going through additional processes. Simply check the coverage box in SpeedShip, and you're done.

### No Upfront Costs

You can select your coverage options when you create your shipment, with no upfront charges or deposits.

### Multi-Carrier Capability

Coverage applies to any freight carrier chosen through SpeedShip, as well as your UPS® small package shipments.

### Integrated Billing

Charges appear on your Worldwide Express invoice so you can easily cost-allocate for your shipments.

### File Claims Fast

Submit your documentation directly through SpeedShip, with the Worldwide Express claims team ready to answer questions along the way.

### Plus, Additional Security With ...

### Jewelry & Precious Stone Coverage

Insuring up to \$50,000 in value for domestic packages and up to \$500 for international packages.

### Time-in-Transit Coverage

For extra protection against spoilage due to time-in-transit delays.

**90% of shippers rely on carrier liability to protect their shipments.  
Go the extra mile protected by UPS Capital Insurance.**
